

LIST CREATED OF COMPANIES WORKING WITH BIM-CAPABLE SOFTWARE IN AUSTRALIA

<http://bimboombam.wordpress.com>

DISCLAIMER: This is NOT a list of recommended companies and I take absolutely no responsibility for any services exchanged between parties that contacted each other through this blog. However these are names of companies who have requested to be listed and wish to work on joint BIM ventures.

Updated by Michelle Louw - January 2009

Company name:	IMPLEMENTATION	ARCHITECTURE	INTERIORS	STRUCTURE	MEP	ECO / THERMAL / ESD	LANDSCAPING	URBAN DESIGN	Type of services offered:	Interstate services:	Offices / location:	How long has company operating:	Approx staff numbers	Contact person:	Phone:	Email:	Web-link:	Types of projects specialised in:	Collaboration: (have you completed any BIM collaboration projects yet?)	How do you rate your experience/ skill level in BIM software?	List each BIM software being used:
PDT Architects Pty Ltd									Architecture, interiors, landscaping	Yes. Queensland, victoria, new south wales, northern territory	Brisbane Townsville	70 years	80-100 Staff members	Michelle Louw (Revit & BIM manager)	#61 7 3232 1300	michellelouw@pdt.com.au	www.pdt.com.au	Hospitals, education, prisons, airports, police, retail and defence.	Not yet. But this is our aim. I am in the process of setting up the new Revit System with a view that it will dove tail with various BIM softwares. Contact Lichelle Louw if you wish to explore a Bim project with us.	Advanced Revit/ BIM leader, general BIM skill level in Revit is basic-intermediate. (currently we have a small team of Revit users but we are working on fast tracking the skill level in the next 6-12 months with michelle now on board)	1.) Archicad - since 20002.) Revit - since 2005 (a Revit/BIM system is being set-up by michelle with a strong emphasis on moving forward with BIM project capacity)
Cadway									Architectural documentation services, art documentation, fuel industry design	Yes. Queensland, victoria, new south wales, saudi arabia ++	Brisbane	Since 1990	12 staff members	Chris Price (IT / BIM manager)	#61 7 3257 2755	info@cadway.com.au	http://www.cadway.com.au/	Wealth of experience in all scales and types of construction in various fields.	Not yet. We have documented mechanical and structural ourselves but are keen to work with consultants who truly wish to collaborate!	Revit guru - or so i am told. Office experience is intermediate to advanced. We've achieved things with Revit many wouldn't know it was capable of.	Revit - since 2001 (our Revit system is highly developed with numerous protocols and standards to ensure maximum efficiency and quality)
GHD									Integrated architecture and engineering services with a BIM focus	All states and regions	Worldwide	75+ years	6000+ Staff members	Clay Hickling	#61 7 3316 3823	clay.hickling@ghd.com.au	http://www.ghd.com.au	All.....	Yes, internally on multi-disciplines with arch/struc and MEP	Aus/ NZ well advanced from both arch and struc perspective. Mep starting out and going well.Middle East and Asia starting their implementation	Revit Architecture, Revit Structure, Revit MEP Navisworks, IES Spacegass/Robobat (investigating)
C3 Consulting Solutions									Bim systems design, strategic and technical consulting, platform migration assistance		Melbourne	3 years		Chris Needham (Director)	#61 3 9731 1113	info@c3consulting.com.au	http://www.c3consulting.com.au			Advanced	Revit architecture, structure and MEP and navisworks manage
AEC Consulting services p/ (Formally as AEC consulting - 6mths)									Consulting services to the AEC industry. Implementation, training, api custom programming, BIM management, BIM methodology and process documentation, change management	All states in australia, new zealand & in china - beijing, we have also assisted clients in thailand & japan	Sydney, Brisbane, Melbourne, Perth, Hobart, Auckland, Beijing	15yrs	9+ Staff members	Toby Maple	1300 368 609 (Ext 605)	toby.maple@aecconsulting.com.au	http://www.aecsystems.com.au	Everything!! From single storey residential to 70 storey towers, bridges, retail, industrial, commercial, hospitality, interiors, medical etc. And across all disciplines.	We assist architectural, engineering and construction firms to implement the methodologies and best practices when collaborating with BIM software and each other.	All staff have come from industry and they have at least 5 years experience with BIM software. Some ex autodesk employees throw in for good measure	Revit architecture from v2, Revit structure from v1, Revit MEP from v1, navisworks since 2007.
architecture.collective									Bim consulting, sustainability consulting, IT consulting, information management, architectural services, interior design	Yes - all states and territories	Perth, Western Australia	5 years	5 Staff members	Sid Thoo (Architect)	#61 8 6264 3775	sid@collective.architecture.net.au	http://www.archit.com.au	Residential, small-medium commercial, interiors	Not yet, but we are constantly looking for opportunities to collaborate with other consultants and disciplines	Theoretical understanding is high, but execution in a multi-disciplinary project environment is yet to be seen...	Autodesk Revit (Intermediate) - Autodesk Ecotect (High) - Nemetschek Vectorworks (Intermediate) - Graphisoft ArchiCAD (Advanced)
Norman Disney & Young									Building services consultants. Providing a co-ordinated BIM solution to our clients. (MEP)		Australia, New Zealand, United Kingdom, United Arab Emirates.	50yrs	750+ Staff members	Carl Agar, Al Armiger	# 61 3 9862 6800	a.armiger@ndy.com	http://www.ndy.com	Residential, commercial, infrastructure.	Advanced MEP skills across organisation, high levels of collaboration with architects/structural to produce working BIM solutions for entire projects.	Multistorey Commercial Buildings - Revit Arch+AutoCAD MEP Datacentres - Revit Arch + Revit Structural + AutoCAD MEP	AutoCAD MEP since 2003 Navisworks since 2006 Revit since 2007 (Supporting documentation only, not for production of services models.
Waterman International Pty Ltd (Formally AHW Pty Ltd)									Building services	Melbourne, sydney & international offices	15 Local 56 International		50 Staff members local 2000 Staff members worldwide	Peter Goodman	#61 3 9685 9900	pgoodman@wahwvic.com.au	http://www.wahwvic.com.au/	Education, health, retail & entertainment	Yes we have colaborated with Architects using Revit Architecture on a couple of projects. Completed just Mechanical on first project but have done full MEP on two projects since then.	We have 18 months experience and good skills. You can always learn more with new tools.	Revit MEP primarily with 18 months experience. les ve 5+ years experience but not as a full BIM product. We are also getting a Revit structure team together but have no experience in this field yet.
ARUP									Structural engineering, designers and planners	Worldwide	Worldwide	60+ years	10000+ Staff members	John Hainsworth	# 61 2 93209320	john.hainsworth@arup.com.au	http://www.arup.com		Yes inhouse multidis in particular - integrated practice is an increasing focus of our BIM teams. We pride ourselves on our ability to code the missing links between packages	Globally, we have pockets of excellence in most regions. Our australasian region has gained a reputation for being industry leaders in BIM practice.	Revit : Architecture - since 2003. Structure - since 2005, MEP since 2007 - experts Tekla (XSteel) since 2000 - experts Other key software - Bentley Structural (BIM?) since 2001 - experts, Autodesk ABS (BIM?) since 2004 - experts, Autodesk Navisworks since 2002 experts, CadDuct since 2006 - experts.

WANT TO JOIN THE LIST? To add your companies name to the list please go to the BimBoomBam website, listed above, and answer, by posting a comment, the questions listed. Your details will then be added to this list. Read guideline and requirements at <http://bimboombam.wordpress.com/bim-consultant-list-australia/>
